

CogCom/BeCogBio Seminar WS 2023/2024, Monday 13:15-14:45, at UBB, Djerassiplatz 1, 1030 Vienna, at Seminar Room 5.1 (5th floor), if not indicated differently*
or join via [Zoom Meeting](#) as direct link or Meeting-ID: 989 3919 0732, Access Code: 033461

02.10.2023 | Lucie Wolters, Hebrew University, Jerusalem | Michael Fuchs, University of Neuchâtel, both PhD cand.
Current Research in Language Evolution (Tecumseh Fitch)

09.10.2023 | Beth Brady, Mote Marine Laboratory, Sarasota
Behavior related vocalizations of the Florida manatee, *Trichechus manatus latirostris* (Angela Stöger)

16.10.2023 | Alper Yelimli¹ | Varalinka Jain², both PhD candidates
¹ Song and duet in an island resident yellow warbler subspecies (*Setophaga petechia aureola*) (Sonia Kleindorfer)
² Moving towards co-existence: understanding behavioural responses of eagles to human activity (Petra Sumasgutner)

23.10.2023 | Akihiro Itahara¹, University of Kyoto | (Alex) Hoi-Hang Chan², University of Konstanz, both PhD candidates
¹Gaze tracking of large-billed crows in a motion-capture system (Thomas Bugnyar | Fumihiko Kano)
²Markerless 3D posture tracking of pigeons in captivity and the wild (Thomas Bugnyar | Fumihiko Kano)

30.10.2023 | Jelena Katic, MSCA postdoctoral fellow
Underlying physiological mechanisms of social behaviors in zebra finches (Thomas Bugnyar)

06.11.2023 | Clemens Kuepper, Max-Planck-Institute for Biological Intelligence, Seewiesen
Ecological and evolutionary mechanisms of behavioral diversity (Leonida Fusani)

13.11.2023 | Felix Haiduk, PhD candidate
Explaining spectrotemporal differences between song and speech (Tecumseh Fitch)

20.11.2023 | Roberta Bianco, Italian Institute of Technology, Genova
Neural encoding of musical expectations in human and nonhuman primates (Stefanie Höhl)

27.11.2023 | Roy Hammer, PhD Candidate
Generating new insights in the fission-fusion dynamics of semi-free ranging Japanese macaques (*Macaca fuscata*)
(Lena Pflüger | Bernard Wallner)

04.12.2023 | Sonia Kleindorfer
Greylag goose personality and individuality cues

11.12.2023 | Klaus Zuberbühler, University of Neuchâtel
Revisiting the origins of meaning (Tecumseh Fitch)

08.01.2024 | Michael A. Huffman, Kyoto University
The evolution of animal self-medication (Lena Pflüger | Bernard Wallner)

15.01.2024 | Jim McGettrick, postdoc
The cognition and mechanisms of cooperation in animals (Thomas Bugnyar)

22.01.2024 | Barbara Klump
The cognition and ecological significance of extractive foraging (Thomas Bugnyar)

29.01.2024 | Guilherme Silva, Central European University Vienna - CEU, PhD candidate
Marmosets' leader-follower dynamics within knowledge asymmetry context (Christophe Heintz)
