

**CogCom/BeCogBio Seminar SS 2024, Monday 13:15-14:45 at UBB, Djerassiplatz 1, 1030 Vienna, at Seminar Room 5.01 (5<sup>th</sup> floor), if not indicated differently\* or join via [Zoom Meeting](#) as direct link or Meeting-ID: 989 3919 0732, Access Code: 033461**

**11.03.2024 | Guilherme Silva, Central European University Vienna - CEU**

Marmosets' leader-follower dynamics within knowledge asymmetry context (Christophe Heintz | Thomas Bugnyar)

**18.03.2024 | Clément Garin, CNRS UMR 5229, Bron (FR)**

Structural, metabolic and functional hallmarks of mammalian brain evolution (hosts: Magdalena Boch | Claus Lamm)

**08.04.2024 | Maria Santacà**

Do you see what I see? Visual illusions in ring doves (host: Leonida Fusani)

**15.04.2024 | Robert Seyfarth, University of Pennsylvania (US)**

The social origins of language and thought (host: Friederike Range)

**22.04.2024 | Palmyre Boucherie**

Social complexity from inside and outside: combining systemic and individual perspectives to study social systems. Lessons from ravens' sociality (host: Thomas Bugnyar)

**29.04.2024 | Susanne Stückler**

Functions and mechanisms of color change in anurans (host: Doris Preininger | Thomas Bugnyar)

**06.05.2024 | James McGetrick**

The cognition and mechanisms of cooperation in animals (host: Thomas Bugnyar)

**13.05.2024 | Lauren Common**

Nests as structures, homes and coffins (host: Sonia Kleindorfer)

**\*27.05.2024 | Manon Schweinfurth, University of St Andrews (UK) | talk at Lecture Hall D, VetMed University**

Origins of reciprocal cooperation (host: Friedrike Range),

**03.06.2024 | Katharina Prager**

The adaptive function of the cheetah chirp (host: Angela Stöger)

**10.06.2024 | Scott Love, INRAE, Nouzilly (FR)**

Functional MRI in awake and unrestrained sheep (hosts: Magdalene Boch | Claus Lamm)

**17.06.2024 | Ayelet Landau, Hebrew University, Jerusalem (IL)**

Rhythms and Temporal Structures in Brain and Cognition (host: Tecumseh Fitch)

**24.06.2024 | Inbal Arnon, Hebrew University, Jerusalem (IL)**

The learnability consequence and sources of Zipfian distributions: How cultural evolution gives rise to distributional properties of language (host: Tecumseh Fitch)
