CogCom/BeCogBio Seminar SS 2022, Monday 13:00-14:30, at UBB, Djerassiplatz 1, 1030 Vienna, or join via Zoom Meeting as direct link or Meeting-ID: 989 3919 0732, Access Code: 033461

07.03.2022 | Cliodhna Quigley, Postdoc UniVie and VetMedUni
Lessons from "old" literature for contemporary cognition research: The example of human EEG & brain rhythms

14.03.2022 | Thomas McGillavy¹ I Juliana Wallner Werneck Mendes², both VetMedUni
¹The evolution of complex courtship behavior in the birds-paradise: brain, balance, and behavior (Leonida Fusani)
²Do dogs understand the role of the partner in a cooperative task (Friederike Range)

21.03.2022 | Maximilian Eder¹ I Boryana Todorova², both UniVie
¹Pain modulation by restorative environments (Claus Lamm) + TAC
²The neurocomputational basis of pro-environmental vs. self-benefitting decision-making (Claus Lamm)

28.03.2022 | Mario Gallego, UniVie
Social cognition and fission-fusion dynamics in non-breeder Common ravens (Corvus corax) (Thomas Bugnyar)

04.04.2022 | Vesta Eleutri, UniVie
Multimodal communication in African savannah elephants (Loxodonta africana) (Angela Stöger) + TAC

25.04.2022 | Louise Mackie¹, VetMedUni I Christina Schätz², UniVie
¹Overimitation behavior in dogs (Ludwig Huber) + TAC
²The formation of object representations in the developing brain (Stefanie Höhl) + TAC

02.05.2022 | Silvia Damini¹, I Thi Hanh Nguyen², both UniVie
¹How to cope with others? Inter- and intra-specific interactions in wild ravens (Corvus corax) (Thomas Bugnyar) + TAC
²Individual niche specialization and personalities of predatory mites (Peter Schausberger)

09.05.2022 | Giovanni Spezie, VetMedUni
Learning to be attractive: the role of (social) experience in the expression of elaborate courtship in bowerbirds (Leonida Fusani)

16.05.2022 | Christian Blum, UniVie
Social dynamics of anti-predator behavior in common ravens (Corvus corax) (Tecumseh Fitch I Thomas Bugnyar)

23.05.2022 | Felix Haiduk, UniVie
Explaining spectrotemporal differences between language and music (Tecumseh Fitch)

30.05.2022 | Jeroen Van der Aa¹ I Dhwani Sadaphal², both UniVie
¹Music, rhythm and relativity; an exploration of different strategies in perception between human and non-human animals (Tecumseh Fitch) + TAC
²The role of movement in the perception of polyrhythms (Tecumseh Fitch) + TAC

13.06.2022 | Veronika Beeck, UniVie
Functions and mechanisms of vocal flexibility in Asian elephants (Angela Stöger)

20.06.2022 | Katharina Wenig I Ontogenetic trajectories and measurement of emotional contagion in common ravens (Thomas Bugnyar)

27.06.2022 | Melanie Henschel¹, UniVie I Susanne Reisner², beide UniVie
¹Play behavior and innovation in birds (Sabine Tebbich)
²Infant-directed singing: acoustic basis & outcomes (Stefanie Höhl)
